

EV Battery Capacity and Battery Metals Tracker

EV Battery Capacity and Battery Metals Tracker

A suite of informative, insightful and interactive dashboards for anyone with a professional interest in the electric vehicle, electric vehicle battery, or battery metals industries

Suite of Five Interactive Dashboards:

- 1 EV Model Profiler
- 2 EV Deployment by Country
- 3 EV Deployment by Make and Model
- 4 EV Battery Capacity Deployed
- 5 EV Battery Metals Deployed

4

EV Battery Capacity Deployed

Tracking electric vehicle battery capacity deployment by make, model, region, country, battery chemistry and cell supplier

5

EV Battery Metals Deployed

Tracking electric vehicle battery metals deployment by make, model, region, country, battery chemistry and cell supplier
